H&H Resources to Help with Fund Raising for Organs

1. PDF picture panels about organ building and H&H may be downloaded from our website and printed out at any size from A4 to A0. They are about
 - a. Organ building generally
 - b. Pipe organs generally
 - c. Metalwork
 - d. Woodwork
 - e. Voicing
 - f. Training & Apprenticeships
 - g. H&H Workshop
 - h. H&H History
 - i. Tuning and Maintenance

2. Resources which you may borrow
 - a. We have some A1 Foamex exhibition panels about organ building which are the same PDF's as above printed onto a light but rigid material. They are often out on loan, so ask in plenty of time.
 - b. A working demonstration organ.
 - c. An organ pipe on stand with slot for fund raising (about 5-6 ft tall.)

Let us know if we can help in anyway or if you need any more information. We also offer a voucher for a VIP tour of the organ workshop which churches can use for a silent auction or raffle prize.
